This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFATORY NOTE.

Frequent requests for many of the journal articles, reprints and books listed herein have made it necessary to compile this bibliography. Many of them are now out of print, and, of a number, no copies are on hand for reference. To librarians the booklet may also be useful.

BIBLIOGRAPHY.

1886.

1. **A compend of the diseases of the eye; including refraction and surgical operations.** L. Webster Fox and George M. Gould. Illustrations and plates. pp. 148. Philadelphia: P. Blakiston's Son & Company, 1886. 8 vo.

   The same. Second edition, revised and enlarged. With 71 illustrations. 1888.

2. **Description of an ametropia model for class demonstration.** pp. 2. Philadelphia: James W. Queen & Company, 1886. Illustrated. (See also title No. 5.)

3. **Heat considered as the retinal intermediate of light and color sensation.** pp. 23. Repr. from *The American Journal of Ophthalmology and Otology*. St. Louis, July, 1886.

4. **The human color-sense considered as the organic response to natural stimuli.** pp. 20. Repr. from *The American Journal of Ophthalmology and Otology*. St. Louis, September, 1886.

5. **A new model of the eye for class and private demonstration.** Philadelphia: James W. Queen & Company, 1886. (See also title No. 2.)

6. **The oculist, the optician and the public.** pp. 2. In collaboration with Dr. L. Webster Fox. Repr. from *The Philadelphia Medical Times*, December 25, 1886.

7. **Retinal insensibility to ultraviolet and infrared rays.** With folder illustration. pp. 20. Repr. from *The American Journal of Ophthalmology and Otology*, St. Louis, December, 1886.

1887.

8. **The ethics of economics.** pp. 10. Address to the *Society for Ethical Culture*, Philadelphia, February 6, 1887. Repr. from *The Open Court*, Chicago, January 19, February 2, 16, 1888.

9. **The justification of social parasitism.** pp. 5. *Work and Wages*, October, 1887.

10. **Ophthalmology and diseases of the nervous system.** p. 1. Editorial in *The Medical and Surgical Reporter*, Philadelphia, Vol. LVI, April 2, 1887.

11. **Ophthalmology.** Etiology of Ocular Paralyses. pp. 11. Repr. from *The American Journal of the Medical Sciences*, Philadelphia, October, 1887.

12. **Reflex neuroses associated with dental pathology.** pp. 67. By Albert P. Brubaker, assisted by George M. Gould. Repr. from *The American System of Dentistry*. Edited by Dr. Wilbur F. Litch. Philadelphia: Lea Brothers & Company, 1887.

1888.

13. **Cerebral localization.** Editorial in *The Medical and Surgical Reporter*, Philadelphia, March 23, 1888.
14. **Compend of diseases of the eye,** etc. (Fox & Gould.) (See title No. 1.) 2d Edition, 1888.
15. **The homing instinct, an explanation suggested.** pp. 24. Repr. from *Progress*, Louisville, October 1888.
16. **Is the electric light injurious to the eyes?** pp. 23. With bibliography of the subject. Repr. from *The Medical News*, Philadelphia, December 8, 1888.
17. **Mixed astigmatism, the result of severe inflammation of an eye.** 1 sheet. Letter to *The Polyclinic*, Philadelphia, November, 1888.
18. **A new style of bifocal lenses.** pp. 7. Repr. from *The Medical and Surgical Reporter*, Philadelphia, November 3, 1888.
19. **Ophthalmology. Diseases of the eye.** In collaboration with Dr. William Thomson, *The Annals of the Universal Medical Sciences.* Edited by Dr. Charles E. Sajous. Philadelphia: F. A. Davis, 1888, Vol. III, page 1–186. Illustrated.
20. **Ophthalmology. Ocular affections in Bright's disease.** Under the charge of Dr. Charles A. Oliver. pp. 12. *The American Journal of the Medical Science*, Philadelphia, 1888.
21. **A peculiar case of herpes zoster ophthalmicus, serous iritis, or "ophthalmo-neuritis."** pp. 6. Repr. from *The Polyclinic*, Philadelphia, October, 1888.
22. **The psychological influence of errors of refraction and of their correction.** pp. 6. Repr. from *The Medical and Surgical Reporter*, Philadelphia, September 29, 1888.
23. **Physiology as she is wrote.** Editorial in *The Medical and Surgical Reporter*, Philadelphia, Vol. LIX, September 15, 1888.
24. **Progress in clinical medicine.** p. 1. *The Polyclinic*, Philadelphia, July, 1888.
25. **Progress in general medicine.** pp. 3. *The Polyclinic*, Philadelphia, August, 1888.

    Second article, same title. pp. 3. *The Polyclinic*, Philadelphia, September, 1888.

    Third article, same title. pp. 7. *The Polyclinic*, Philadelphia, November, 1888.

    Fourth article, same title. pp. 6. *The Polyclinic*, Philadelphia, December, 1888.

    Fifth article, same title. pp. 4. *The Polyclinic*, Philadelphia, January, 1889.

    Sixth article, same title. pp. 3. *The Polyclinic*, Philadelphia, Feburary, 1889.

    Seventh article, same title. pp. 3. *The Polyclinic*, Philadelphia, March, 1889.

1889.

26. **Concerning reflex neuroses due to eye-strain.**

    I. Three remarkable cases of reflex neuroses due to eye-strain. pp. 14.

II. The influence of sexualism in reflex ocular neuroses. pp. 11. Repr. from *The Medical and Surgical Reporter*, Philadelphia, February 9, and March 9, 1889.

27. **Directory of the class of 1888 of the Jefferson Medical College, and a report of the class reunion held April 3, 1889.** pp. 29. Published by order of the class. Philadelphia, 1889.

28. **Dreams, sleep and consciousness. A psychological study.** pp. 24. Chicago, *The Open Court* Publishing Company, 1889.

The same. *The Open Court*, Chicago, January 24–31, 1889.

The same. *Borderland Studies. I.* Philadelphia: P. Blakiston's Son and Company, 1896. Chapter 22, p. 319 ff.

This article considers *The Nature of Sleep; What is Consciousness? Does Consciousness Sleep? The Difference between the Dreaming and the Waking Consciousness; Origin and Nature of the Waking Consciousness, and of the Dreaming Consciousness; Insomnia; Characteristics of Dreams; Preponderance of Visual Sensations; Character, the Soul, and Consciousness*, etc.

29. **A dream of alchemy.** pp. 7. *The Open Court*, Chicago, December, 1889.

30. **Helps in practical ophthalmic work.** pp. 6. G. P. Putnam's Sons, Printers, New York. Repr. from *The Archives of Ophthalmology*, New York. Vol. XVIII, No. 4, 1889.

31. **Is medicine a science?** pp. 11. *The Forum*, New York 1889.

The same. *The Medical News*, Philadelphia, 1890.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son and Company, 1896. Chapter 5, p. 131 ff.

32. **The modern Frankenstein.** pp. 25. Address to the *Medical Jurisprudence Society of Philadelphia*, May 14, 1889. Chicago: *The Open Court* Publishing Company, 1889.

The same. *The Open Court*, Chicago, 1889.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son and Company, 1896. Chapter XXI, p. 292 ff.

33. **Ophthalmology, diseases of the eye.** In collaboration with Dr. Charles A. Oliver. *The Annals of the Universal Medical Sciences.* Edited by Dr. Charles E Sajous. Philadelphia: F. A. Davis, 1889. Vol. IV. pp. 1–170. Illustrated.

34. **Ophthalmology.** Reflex neuroses due to errors of refraction, under the charge of Dr. Charles A. Oliver. pp. 11. *The American Journal of the Medical Sciences*, Philadelphia, March, 1889.

35. **Progress in general medicine.** (See title No. 25 for previous articles.)

Fifth article, same title. pp. 4. *The Polyclinic*, Philadelphia, January, 1889.

Sixth article, same title. pp. 3. *The Polyclinic*, Philadelphia, February, 1889.

Seventh article, same title. pp. 3. *The Polyclinic*, Philadelphia, March, 1889.

36. **A query as to the relation of leucocythemic retinitis and tobacco-poisoning.** p. 1. *University Medical Magazine*, Philadelphia, December, 1889.

1890.

37. **The abuse of a great charity.** pp. 19. Repr. from *The Medical News*, Philadelphia, November 22, 1890.

The same. *Public Opinion*, Washington, D. C., 1890.

The same. *The Medical Mirror*, St. Louis, 1890.

38. **Ametropic choroidoretinitis ("central choroiditis").** pp. 11. Repr. from *Archives of Ophthalmology*, New York, Vol. XIX. No, 1, 1890. A letter in the *University Medical Magazine*, Philadelphia, January 13, 1891, entitled, *A Question of Discovery and Nomenclature* pertains to this subject. (See title No. 62.) Another letter appeared in the *University Medical Magazine*, Philadelphia, April, 1891, entitled *Ametropic Choroidoretinitis.* (See title No. 53.)

39. **Bibliography.** pp. 4. Cyclopedia of the Diseases of Children. Vol. III. Edited by John M. Keating. Philadelphia: J. B. Lippincott Company, 1890.

40. **A card of test letters**, on the Snellen standard, for refractionists, with confusion letters. p. 1. Manufactured by Bouschur & Holmes, Philadelphia, 1890.

41. **Clinical illustrations of reflex ocular neuroses.** pp. 7. Philadelphia: Lea Bros. & Company, 1890. Repr. from *The American Journal of the Medical Sciences*, Philadelphia, vol. XCIX, New Series, 1890.

42. **Diseases of the eye.** In conjunction with Dr. Charles E. Turnbull, Philadelphia, 1890. pp. 38. Illustrated.

43. **The ethics of hypnotism.** pp. 6. *The Open Court*, Chicago, 1890.

44. **"From an unexpected source."** A letter to the editor of *The Nation*. January 9, 1890.

"From one of "the list of shame." A letter to the editor of the "*Medical and Surgical Reporter*," in "Taggart's Times," Philadelphia, January 12, 1890.

45. **A noteworthy book.** pp. 2. Editorial in *The Conservator*, Philadelphia, August, 1890.

46. **Ophthalmology, diseases of the eye.** In collaboration with Dr. Charles A. Oliver. *The Annals of the Universal Medical Sciences*, edited by Dr. Charles E. Sajous. Philadelphia, F. A. Davis, 1890. Vol. IV, pp. 1–146. Illustrated.

47. **Pyoktanin in diseases of the eye.** pp. 2. *The University Medical Magazine*, Philadelphia, December, 1890.

48. **The recognition of eyestrain by the general practitioner.** Address to *Philadelphia County Medical Society*, June 25, 1890, by Edward Jackson. Discussion by G. M. Gould. Published: *Society Proceedings*, *The Buffalo Medical and Surgical Association*, 1890.

49. **The relation of eyestrain to general medicine.** pp. 21. An address to the *Philadelphia Hospital Medical Society*, July 9, 1890.

Repr. from *The Medical News*, Philadelphia, August 23, 1890.

50. **The relation of the eyes and teeth.** A monograph on *The reflex neuroses of dental origin*. In conjunction with Dr. Albert P. Brudaker. Published: *The System of Dentistry*, edited by Dr. Wilbur F. Litch, Philadelphia, Lea Bros. & Company, 1890.

51. **Some conservative views of hypnotism.** *The Boston Medical and Surgical Journal*, 1890.

52. **The student's medical dictionary,** including all the words and phrases generally used in medicine, with their proper pronunciation and definitions. Based on recent medical literature. With elaborate tables of bacilli, micrococci, leucomains, ptomains, etc., of the arteries, ganglia, muscles, and nerves; of weights and measures, analyses of the waters of the mineral springs of the United States, etc , etc. And a new table of eponymic terms and tests. Illustrated. pp. 840. Small octavo. Philadelphia: P. Blakiston's Son & Company, 1890. Half-morrocco; thumb index; also flexible, morocco, indexed. 1st edition, 1890.

The same. 2d edition, 1890.
The same. 3d edition, 1891.
The same. 4th edition, 1891.
The same. 5th edition, 1892.
The same. 6th edition, 1892.
The same. 7th edition, 1893.
The same. 8th edition, 1894.
The same. 9th edition, 1895.
The same. 10th edition, 1896.
The same. 11th edition, 1900.

1891.

53. **Ametropic choroido-retinitis.** pp. 2. Letter to *The University Medical Magazine*, Philadelphia, April, 1891. (See title No. 38.)

54. **The evolution of optics.** pp. 9. Discussion of a lecture on *Optics as Related to Evolution*, by Dr. L. A. W. Alleman. *Brooklyn Ethical Association*, 1891 Repr. from *Evolution in Science and Art.* New York: D. Appleton & Company, Series No. 10, July 15, 1891.

55. **Human life under denied sensation.** pp. 5. *The Medical News*, Philadelphia, October 24, 1891.

The same. *Borderland Studies, I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter XXIII, p. 351 ff.

56. **Immortality.** pp. 20. *The Monist*, Chicago, April, 1891.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter XXIV, p. 356 ff.

57. **A little fable.** The Hommypatic Hen. 1 sheet. *The Medical News*, Philadelphia, September 12, 1891.

58. **The Medical News.** A Weekly Medical Journal. Philadelphia: Lea Brothers & Company, royal 8 vo., 10 vols. 1891–1895. Vol. 1, (LVII). pp. 736. 1891.

The same. Vol. 2, (LIX). pp. 752. 1891.
The same. Vol. 3, (LX). pp. 736. 1892.
The same. Vol. 4, (LXI). pp. 752. 1892.
The same. Vol. 5, (LXII). pp. 712. 1893.
The same. Vol. 6, (LXIII). pp. 756. 1893.
The same. Vol. 7, (LXIV). pp. 732. 1894.

The same. Vol. 8, (LXV). pp. 726. 1894.

The same. Vol. 9, (LXVI). pp. 748. 1895.

The same. Vol. 10, (LXVII), pp. 748. 1895.

59. **The optician vs. oculist.** pp. 2. *The Optician*, August, 1891. See also article, *The Optician and Ophthalmology*, title No. 60.

60. **The optician and ophthalmology.** pp. 2. *The Journal of the American Medical Association*, Chicago, June 5, 1891. See also article, *The Optician vs. Oculist*, title No. 59.

61. **The power of will in disease.** pp. 3. *The Medical News*, Philadelphia, June 27, 1891.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter XVIII, p. 277 ff.

62. **A question of discovery and nomenclature.** 1 sheet. Repr. from *University Medical Magazine*, Philadelphia, January 13, 1891. (See title No. 38.)

63. **The spelling of medical words.** Editorial in *The Medical News*, Philadelphia, August 22, 1891.

64. **The statistics and lessons of 1500 cases of refraction.** pp. 36. Address to the *Section on Ophthalmology, American Medical Association*. Washington, D. C., May, 1891. Repr. from *The Journal of the American Medical Association*, Chicago, September 1891.

65. **The student's medical dictionary. etc.** (See title No. 52.)
Third edition, 1891.
Fourth edition, 1891.

66. **Superciliary entropium.** p. 1. *The Medical News*, Philadelphia, June 27, 1891.

67. **The untrustworthiness of the lay press in medical matters.** pp. 4. Repr. from *The Medical News*, Philadelphia, November 21, 1891.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter X, p. 222 ff.

1892.

68. **Amblyopiatrics.** pp. 15. Address before the *Philadelphia County Medical Society*, December 28, 1892. Repr. from *The Medical News*, Philadelphia, December 31, 1892.

69. **The antiseptic dropper.** pp. 2. Repr. from *The Medical News*, Philadelphia, December 3, 1892.

70. **The etiology, diagnosis, and treatment of the prevalent epidemic of quackery.** pp. 24. Address delivered by invitation of the faculty of the medical department of the Buffalo University, before the graduating class, May 3, 1892. Repr. from *The Medical News*, Philadelphia, May 7, 1892.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter IX, p. 197 ff.

71. **Everybody's medical duty.** pp. 22. Address to the *Unitarian Club of Philadelphia*, February 11, 1892. Privately printed. Philadelphia: Wm. A. Church, 1892.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter XVII, p. 258 ff.

72. **The function of the lacrimal puncta.** pp. 3. Repr. from *The Medical News*, Philadelphia, June 25, 1892.

73. **Medical aspect of life insurance.** pp. 5. *The Medical News*, Philadelphia, January 23, 1892.

The same. *Borderland Studies I.* Philadelphia : P. Blakiston's Son & Company, 1896. Chapter XIV, p. 243 ff.

74. **The Medical News.** A Weekly Medical Journal. Philadelphia : Lea Brothers & Company. (See title No. 58.) Vols. 3, 4 (LX, LXI), pp. 736, 752. 1892.

75. **Medico-political and quack aspects of American life.** p. 1. *The British Medical Journal*, London, December 2, 1892.

76. **A method of infection, treatment, and prophylaxis of purulent ophthalmia.** pp. 5. Repr. from *The Medical News*, Philadelphia, June 11, 1892.

77. **A pocket medical dictionary** giving the pronunciation and definition of about 12,000 of the principal words used in medicine and the collateral sciences. Including very complete tables of the arteries, muscles, nerves, bacteria, bacilli, micrococci, spirilli, and thermometric scales, and a dose list of drugs and their preparations, in both the English and metric systems of weights and measures. 64 mo. pp. 838. Flexible morocco. Philadelphia : P. Blakiston's Son & Company, 1892.

The same. New edition. Revised and enlarged to 21,000 words, 1898.

The same. Third edition. Enlarged to 24,000 words. 1899.

The same. Fourth edition. Enlarged to 30,000 words. 1900.

78. **The practical adjustment of spectacles.** pp. 7. Repr. from *The Annals of Ophthalmology and Otology*, St. Louis, January, 1892.

79. **A simple method of treating many cases of lacrimal obstruction.** pp. 6. Repr. from *The New York Medical Journal*, June 4, 1892.

80. **The student's medical dictionary.** (See title No. 52.)

Fifth edition, 1892.
6th edition, 1892.

1893.

81. **An additional word as to the treatment of exophoria.** pp. 5. Repr. from *The Medical News*, Philadelphia, November 18, 1893. (See title No. 86.)

82. **A case of homatropin susceptibility.** p. 1. Repr. from *The Medical News*, Philadelphia, January 21, 1893.

83. **Diseases of the eye dependent upon diseases of the nose.** pp. 23. Chapter in "A System of Diagnosis and Treatment of Diseases of the Ear, Nose, and Throat," edited by Dr. Chas. Burnett. Philadelphia : J. B. Lippincott & Company, 1893.

84. **The disorganization of medical science.** pp. 4. Repr. from *The Medical News*, Philadelphia, July 29, 1893.

The same. *Borderland Studies I.* Philadelphia : P. Blakiston's Son & Company, 1896. Chapter XI, p. 226.

85. **The duty of the community to medical science.** pp. 12. Address before the *American Academy of Medicine*, Milwaukee, June 3, 1893. Repr. from *The Bulletin of the American Academy of Medicine*, Easton, Pa., No. 16.

The same. *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter VI, p. 144 ff.

86. **Exophoria curable without operation.** pp. 16. Repr. from *The Medical News*, Philadelphia, October 14, 1893. (See title No. 81.)

87. **Foot-ball.** pp. 5. *The Medical News*, Philadelphia, November, 1893.

Promised foot-ball reform. pp. 2. *The Medical News*, Philadelphia, January 13, 1894.

The same (under one title.) *Borderland Studies I.* Philadelphia: P. Blakiston's Son & Company, 1896. Chapter XV, p. 248 ff.

88. **Homeochronous hereditary optic-nerve atrophy, extending through six generations.** pp. 4. Address before the *section of Opthalmology, Pan-American Medical Congress*, Washington, D. C., September, 1893. Repr. from *The Annals of Ophthalmology and Otology*, St. Louis. Vol. II, No. 4, October, 1893.

89. **The meaning and method of life.** A search for religion in biology: "From Life, Through Life, to Life." pp. 297. New York, London: G. P. Putnam's Sons. The Knickerbocker Press, 1893. 12mo.

Contents: Introduction.
I. Physical and Metaphysical.
II. Partial Truths.
III. Incarnation.
IV. Cytology.
V. Sensation.
VI. Evolution.
VII. Reproduction.
VIII. Concerning Evil.
IX. Justification of the Incarnation Process.
X. Freedom.
XI. Personality.
XII. Immortality.
XIII. Ethics.
XIV. Beauty.
XV. Sleep, Dreaming, and Awakening.

Contents: Introduction.

Chapter I. The New Ophthalmology and its Relation to General Medicine, Biology and Sociology. (Reprinted from *The Journal of the American Medical Association*, November 26, December 3, 1904).

Chapter II. The Life Tragedy of John Addington Symonds. (Reprinted from *The Maryland Medical Journal* August, 1904).

Chapter III. Taine's Ill-Health. (Reprinted from *American Medicine*, Vol. VIII, No. 19, pp. 805-808, November 5, 1904).

Chapter IV. Eyestrain as a cause of Headache and other Neuroses. (by Simeon Snell, *F.R.C.S.E.*)

Chapter V. Slight Errors of Refraction and their Influence on the Nervous System. (by C. Ernest Pronger, *F.R.C.S.*)

Chapter VI. The History and Etiology of "Migraine." (Reprinted from *The Journal of the American Medical Association*, January 16-23, 1904.

Chapter VII. The Optic and Ocular Factors in the Etiology of the Scoliosis of school children. (Reprinted from *American Medicine*, April 8, 1905).

Chapter VIII. Visual Function the cause of Slanted Handwriting; its Relation to School-Hygiene, School Desks, Malposture, Spinal Curvature, and Myopia. (Reprinted from *The Medical Record*, April 22, 1905).

Chapter IX. Dextrality and Sinistrality. (Reprinted from *The Popular Science Monthly*, August, 1905).

Chapter X. The Pathologic results of Dextrocularity and Sinistrocularity. (Reprinted from *The Transactions of the American Ophthalmological Society*, October, 1904).

Chapter XI. Subnormal Accommodation and Premature Presbyopia (Reprinted from *American Medicine*, Vol. IX, No. 3, pp. 103-108. January 21, 1905).

Chapter XII. The reception ot Medical Discoveries. (Reprinted from *The Annals of Ophthalmology*, October, 1904).

Chapter XIII. Some Problems of Presbyopia. (Reprinted from *The Journal of the American Medical Association*, January 21, 1905).

Appendix A. Suggestions as to Postmydriatic Refraction Tests. (Reprinted from *The Annals of Ophthalmology*, July, 1904).

Appendix B. A Case of "Mathematically-Perfect Eyes." (Read before *The American Medical Association*. June, 1898).

Index.

Contents: Preface.

Chapter I. Biology and Ophthalmology.

Chapter II. The Ocular Factors in the Etiology of Spinal Curvatures. (Reprinted from the *New York Medical Journal*, July 28, 1906.)

Chapter III. A Life and Career Blighted by Ignored Eyestrain. (Reprinted from *The Annal of Ophthalmology and Otology*, July, 1906.)

Chapter IV. Thirty-five Years of Treatment by Seventeen Physicians for Strabismus, Tinnitus, Headache, Indigestion, Eyestrain, etc. (Reprinted from *The Maryland Medical Journal*, April, 1905.)

Chapter V. A Case of Hyperchlorydria, Indigestion, Constipation, etc., as Treated by one Gastrologist, three General Physicians, one "Mechano-Neuralist," one Hospital, one Professor of Medicine, and one Refractionist, (Reprinted from *The St. Louis Review*, June 2, 1906.)

Chapter VI. Nil Desperandum as an Article of the Refractionist's Materia Medica. (Reprinted from *The Albany Medical Annals*, October, 1906.)

Chapter VII. Resection of the Infraorbital and Supraorbital Nerves for Eyestrain. (Reprinted from *American Medicine*, New Series, Vol. I, No. 2, pp. 71-74. May, 1906.)

Chapter VIII. A Case of "Neurasthenia" as treated by two General Physicians, one Homeopathist, one Quack, one Osteopath, one Pregnancy, three Ophthalmic Surgeons, two Gynecologists, one Diagnostician, one Neurologist, one Resident Sanitarium Physician, and one Refractionist. (Reprinted from *American Medicine*, Vol. XI, No. 8, pp. 281-283. February 24, 1906).

Chapter IX. One Patient's Experience with two general Physicians, one Neurologist, two Ophthalmic Surgeons, one Diagnostician, and one Refractionist. (Reprinted from *American Medicine*, Vol. X, No. 26, pp. 1068-1071. December 23, 1905.)

Chapter X. A Case of Stercoraceous Vomiting due to Eyestrain. (Reprinted from *The St. Paul Medical Journal*, June, 1906.)

Chapter XI. A Professional and Successful Life Wrecked by Ill-fitting Eye-glasses. (Reprinted from *American Medicine*, N. S. Vol. I, No. 8, pp. 476-478. November, 1906.)

Chapter XII. A Case of Hysteria due to Eyestrain. (Reprinted from *The Brooklyn Medical Journal*, October 1, 1906.)

Chapter XIII. A Case in which "Sinking Spells"—"Thousands of Them"—Sickheadache, Vomiting, etc., were due to Eyestrain. (Reprinted from *The St. Louis Medical Review*, 1906.)

Chapter XIV. The Mysteries and Sources of Suicide. (Reprinted in epitomized form in *The Medical Record*, September 8, 1906.)

Chapter XV. A Study of the Contributions to Ophthalmology made by our Society during the last 31 years. (Reprinted from *TheMaryland Medical Journal*, January, 1907.)

Chapter XVI. Eyestrain as a Cause of Diseases of the Digestive Organs. (Reprinted from *The Journal of the American Medical Association*, March 24, 1905.)

Chapter XVII. The Ocular Origin of "Migraine." (Reprinted from *The Journal of the American Medical Association*, October 28, 1905.)

Chapter XVIII. Incurable Eyestrain. (Reprinted later in *The Journal of the American Medical Association.*)

Chapter XIX. Eyestrain and Crime.

Chapter XX. The Ophthalmic Sins in Hospitals. (Reprinted from *The Annals of Ophthalmology and Otology*, July, 1906.)

Chapter XXI. Ten Types of Ophthalmic Charlatanism. (Reprinted from *The Cleveland Medical Journal*, December, 1906.)

Chapter XXII. A Conspiracy of Silence.

Chapter XXIII. A Historic Parallel. (Reprinted from *The Bulletin of the Academy of Medicine*, October, 1906.)
